EDITOR'S LETTER

EDITOR :

ELI ABAYA

Greetings to you all,

School is back in session and Key Club is ramping up as we head into the 2025-2026 year. From the successful Freshmen Interest Meetings to the prospect of growing to one of Union High School's biggest clubs, we've had teeming members who show a heart of compassion. It excites me to see the volunteer lists be filled and I hope that we'll continue to connect with the community as more events arise. So thank you once more for your service and for the cherishing moments that come from it.

Due in part of being a senior, I've been focusing on looking at the next step forward, with my sights set on college. I've set up my Common App, honed my essay, tuned in with Naviance, and recently submitted my FAFSA (don't forget to apply Seniors). I've applied to numerous engineering colleges, but it's important to remember your core values when applying. Find the fit college for you, not the frame that you might believe it to be, because the environment matters just as much as the education, especially if you plan to dorm. Further, Key Club's executive board is filled to the brim with seniors, which means next service year numerous positions will find themselves vacant. So to my underclassmen, strive for success and stay present, because we need more of your inspiring vigor and initiative to guide the future years. Thank you for your time and I hope that you've settled in and I look forward to what October has in store for us, be it scholar or school.

*Also I can't wait to see your costumes if you participate in Halloween.

Thank you for reading,
Eli Abaya
